Additional complaint pages.

It has been brought to my attention that I am being denied fair or equal protection of the law in getting an education at the federally funded state secondary institution Fort Valley State University. During my time at Fort Valley State I have speculated that I had been receiving unfair or bias treatment. After collecting information, confronting several of the institutions professors and administration alike it was confirmed that I would only be allowed to continue to enroll and also graduate because they had no choice. After collecting information as to why I would not be able to receive a fair education or graduate from a public institution. I was informed that I received a passing grade on a state issued standardize test conducted by the compass and Georgia board of regents and that someone went into the system altering both scores giving me a failing grade of 60 on the reading exam from the board of regents not allowing me to graduate or receive an education . After having passed the test I was then given a second regents exam several months later passing it for the second time. Hearsay I have become aware that I made perfect score. This test score was also altered giving me an inaccurate representation of the exam. I was only giving the subpar grade because the institution could not get either of the scores out of the system using trained technicians. Along with these facts of inadequate or misrepresentation on three distinct tests that consist over a span of time I concluded that not only am I being singled out But that the institution has a personal vendetta against me that borders hatred due to the widespread corruption. After confronting several professors as to why I was I was given failing grades on class test and treated unfairly they gave vague or unclear answers because of the institutions fore mentioned

actions. After talking with several department heads and heads of administration alike I was advised that if that is the way I felt to take legal action. I am personally aware That Fort Valley State University Violated my civil rights and several statutes consistently bringing me to this point. After not having passed several class tests along with failing the regents exam I was devastated and felt as if I did not belong in a collegiate institution. I was destroyed mentally, emotionally, and I was physically tired. Many professors would give unreasonable tasks in the hopes of not finishing which was deflating. My educationally experience at Fort Valley state was horrible and no one else should experience this type of behavior. I was isolated and singled out and it is my belief that not only is it the institutions intention to undermine my academic paralysis and not let me receive an education but to degrade me as a human being. In which I believe goes far beyond receiving an adequate education. My self-esteem was destroyed I was embarrassed. What the Institution did was immoral, unethical and illegal.

I am seeking to punish those responsible under federal law that holds them responsible. I am seeking Retribution for psychologically deterioration, emotion instability/ distress. I am also aware that I was deprived of federal funds and that the institution used federal funds improperly. I was denied life, liberty and the pursuit of happiness and time that I cannot get back. In addition to law enforcement and being compensated for these things. I am also seeking punitive damages with the overwhelming evidence of the degrading of human life and disregard for the law. I am a believer that the evidence will show that I was singled out and that the institution showed hatred against me with consistent negative acts. I asked that the University be punished as a whole. I also ask the court that compass and Board of regents be made aware of the negligent and egregious acts and that educational criterion is not being met

at Fort Valley State University. I would also like to hold them accountable if the evidence permits.

Much of the evidence will show that beyond a doubt that fort Valley State conspired to refuse to give me an education and that they deprived me of life. I am seeking to recovery property, relief and the recovery of damages. In the amount of \$100 million dollars.

## Report of Test Scores

Spring Semester 2011

READING SCORE	PASSED READING	ESSAY SCORE	PASSED ESSAY	SATISFIED REGENTS' REQUIREMENT
66	YES	*	YES	YES

“Yes” in a score field indicates satisfaction of a Regents’ Test component.

“No” in a score field indicates failure to satisfy a Regents’ Test component.

An asterisk (\*) indicates passed as a result of a previous administration.

“Exempted” indicates a satisfaction of the requirement(s) by national ACT, SAT scores, AP credits, or a combination of test scores and English 1101 grade on file.

### How to interpret your scores:

*Reading Score* – derived by translating the total raw score (number right) to Rasch score scale with a range from 0 to 99. The minimum passing score on this is 61.

*Essay Score* – each essay is graded independently by three raters. Raters use a three-point scale. A “3” on the scale indicates superior performance, a “2” means clearly passing, and a “1” is a failing performance. The final essay score is usually the rating on which at least two out of three raters agree. Therefore, no essay can receive a failing grade unless at least two of the three raters have given it a failing grade.

*Satisfied Regents’ Requirement* – You must pass **BOTH** the reading and the essay parts of the Regents’ Test to satisfy the Regents’ requirement.

**NOTE:** The indication of the Regents’ requirement satisfied (“YES”) may be voided if you have 45 or more earned credit hours and receive a “U” grade or were not enrolled in RGTR and/or RGTE.

### \*\*IMPORTANT NOTICE\*\*

If you have **NOT** passed both parts of the Regents’ Test and you have earned 45 or more credit hours, you are required to: (1) **enroll and “satisfy” the appropriate Regents’ remedial course(s) (RGTE and/or RGTR)** every semester until you pass the test; and (2) **register to take the next Regents’ Test with Testing Services Center located in Room 215, Peabody Hall**. In addition, you will be restricted to a specific reduced number of semester credit hours until you satisfy the requirements of the Regents’ Test.

**If you are a newly enrolled student (first semester), or a continuing student (second or more attempts, but with less than 45 earned credit hours), who was unsuccessful at passing one or both parts of the Regents’ Test, depending upon your score, you will be required to participate in a specified institutional or state remediation course (see enclosures).**
